File Score Help

程式架構

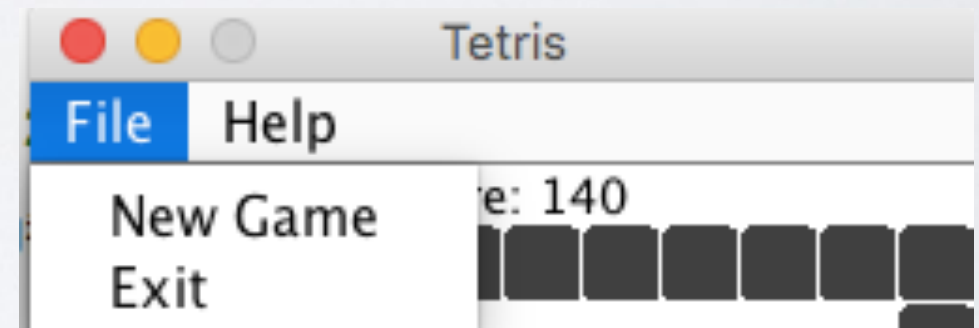

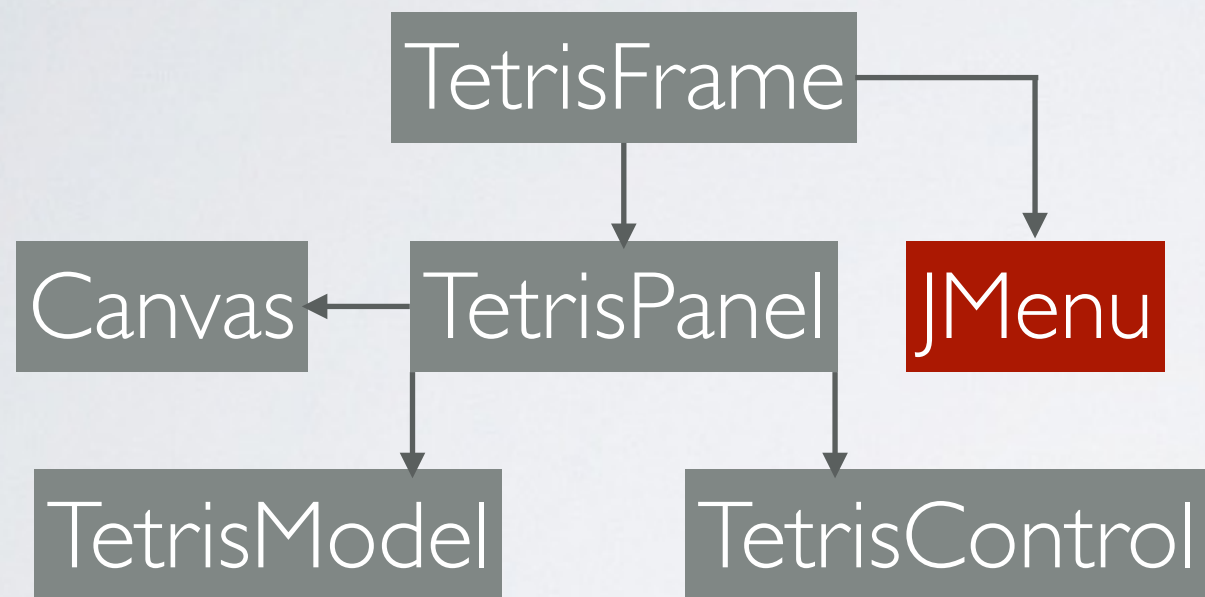

A screenshot of a Java Swing window titled "Login". The window has a light gray background and a title bar with three standard macOS window control buttons (red, yellow, green). The main content area contains three labeled text input fields: "Host" with the text "localhost", "Username" with the text "Kobe", and "Password" with four black dots. Below these fields are two rounded rectangular buttons: "Login" and "Register".

- GridBagLayout
- MySQL Connect
- JPasswordField
- File Reader/Writer

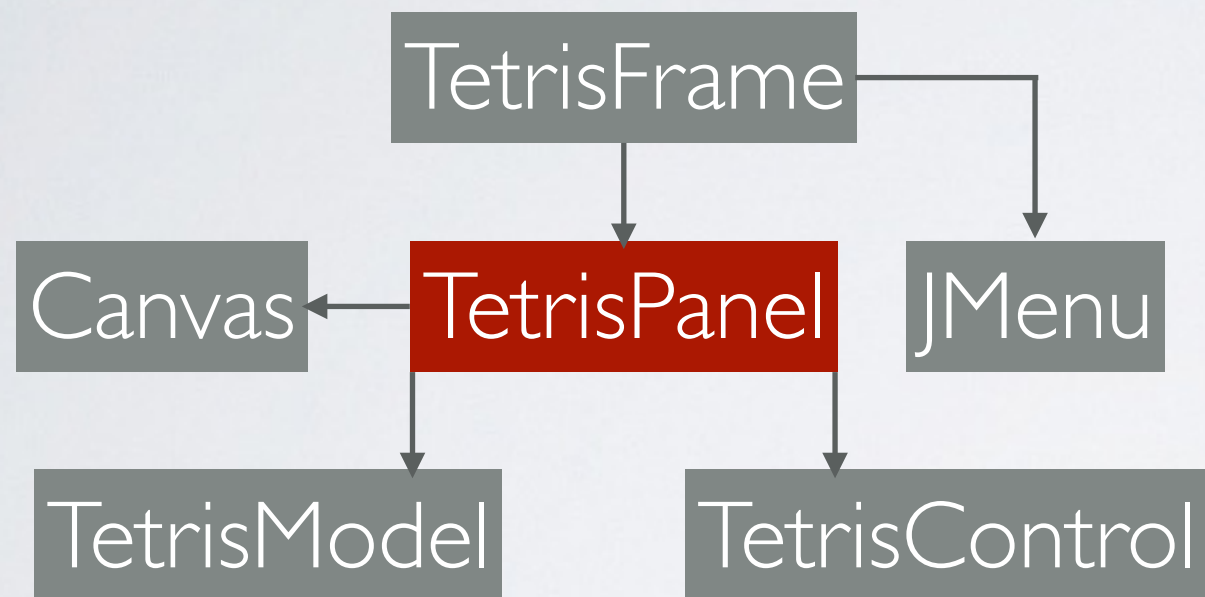

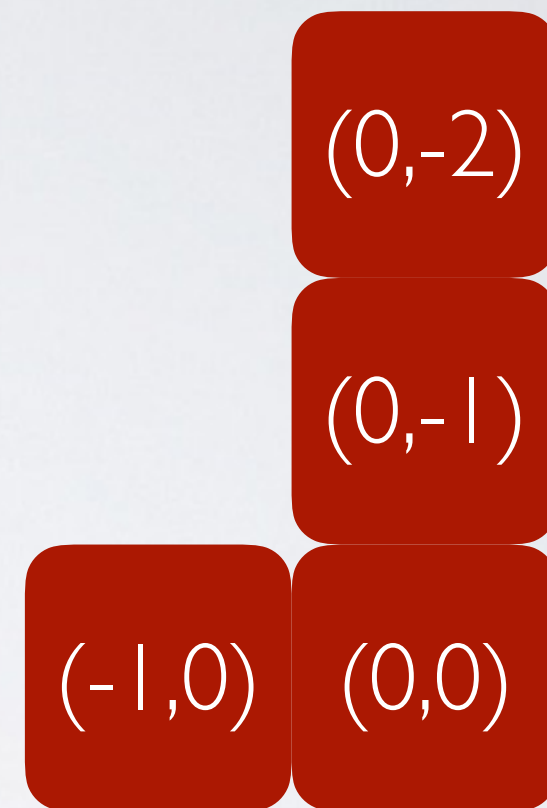

```
JMenu fileMenu = new JMenu( "File" );

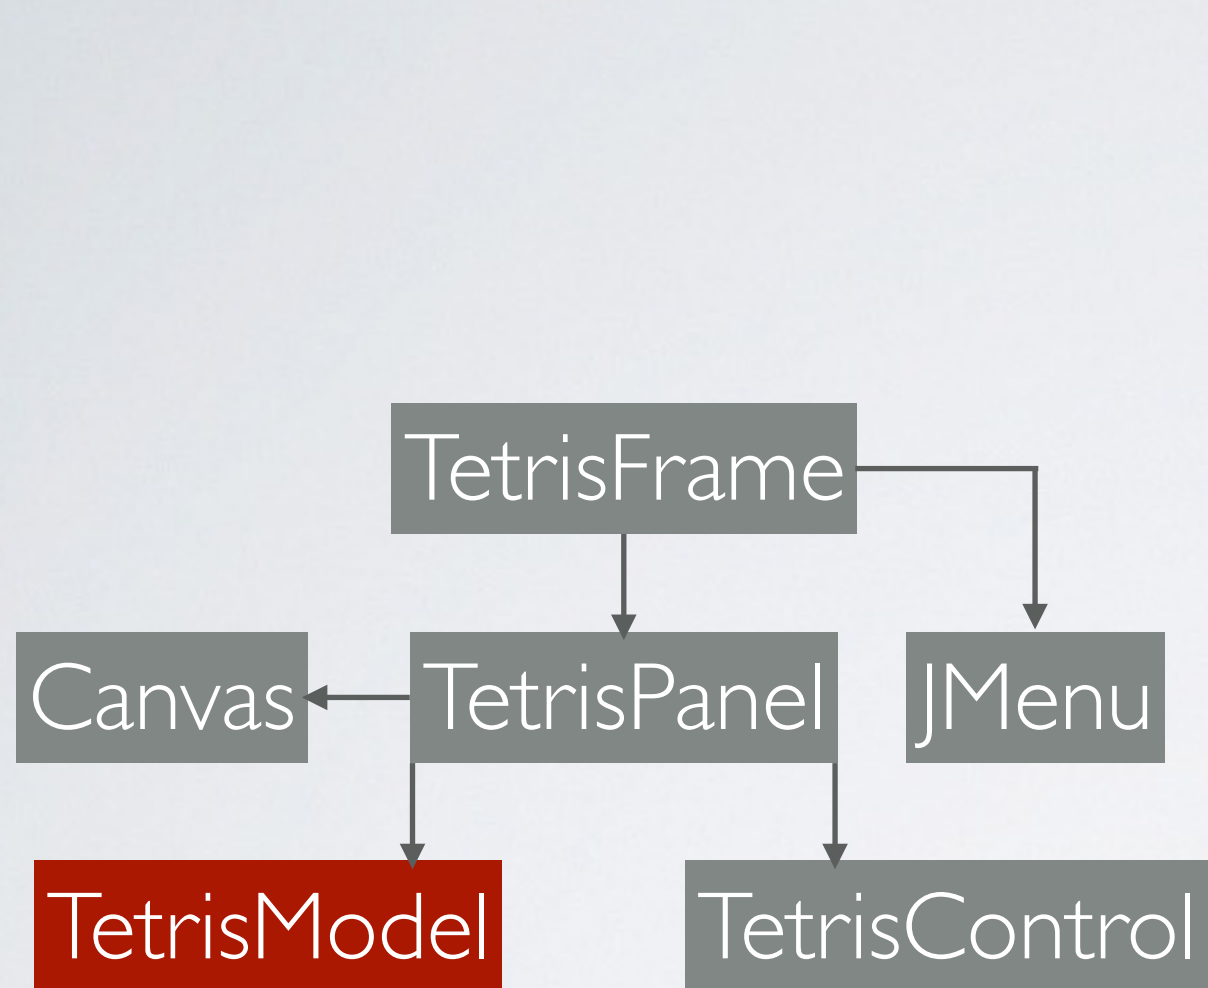

JMenuItem startItem = new JMenuItem( "New Game" );

fileMenu.add( startItem );

startItem.addActionListener(
    new ActionListener()
    {
        public void actionPerformed((ActionEvent event) )
        {
            tetrisPanel.gamestart();
        }
    }
);
```

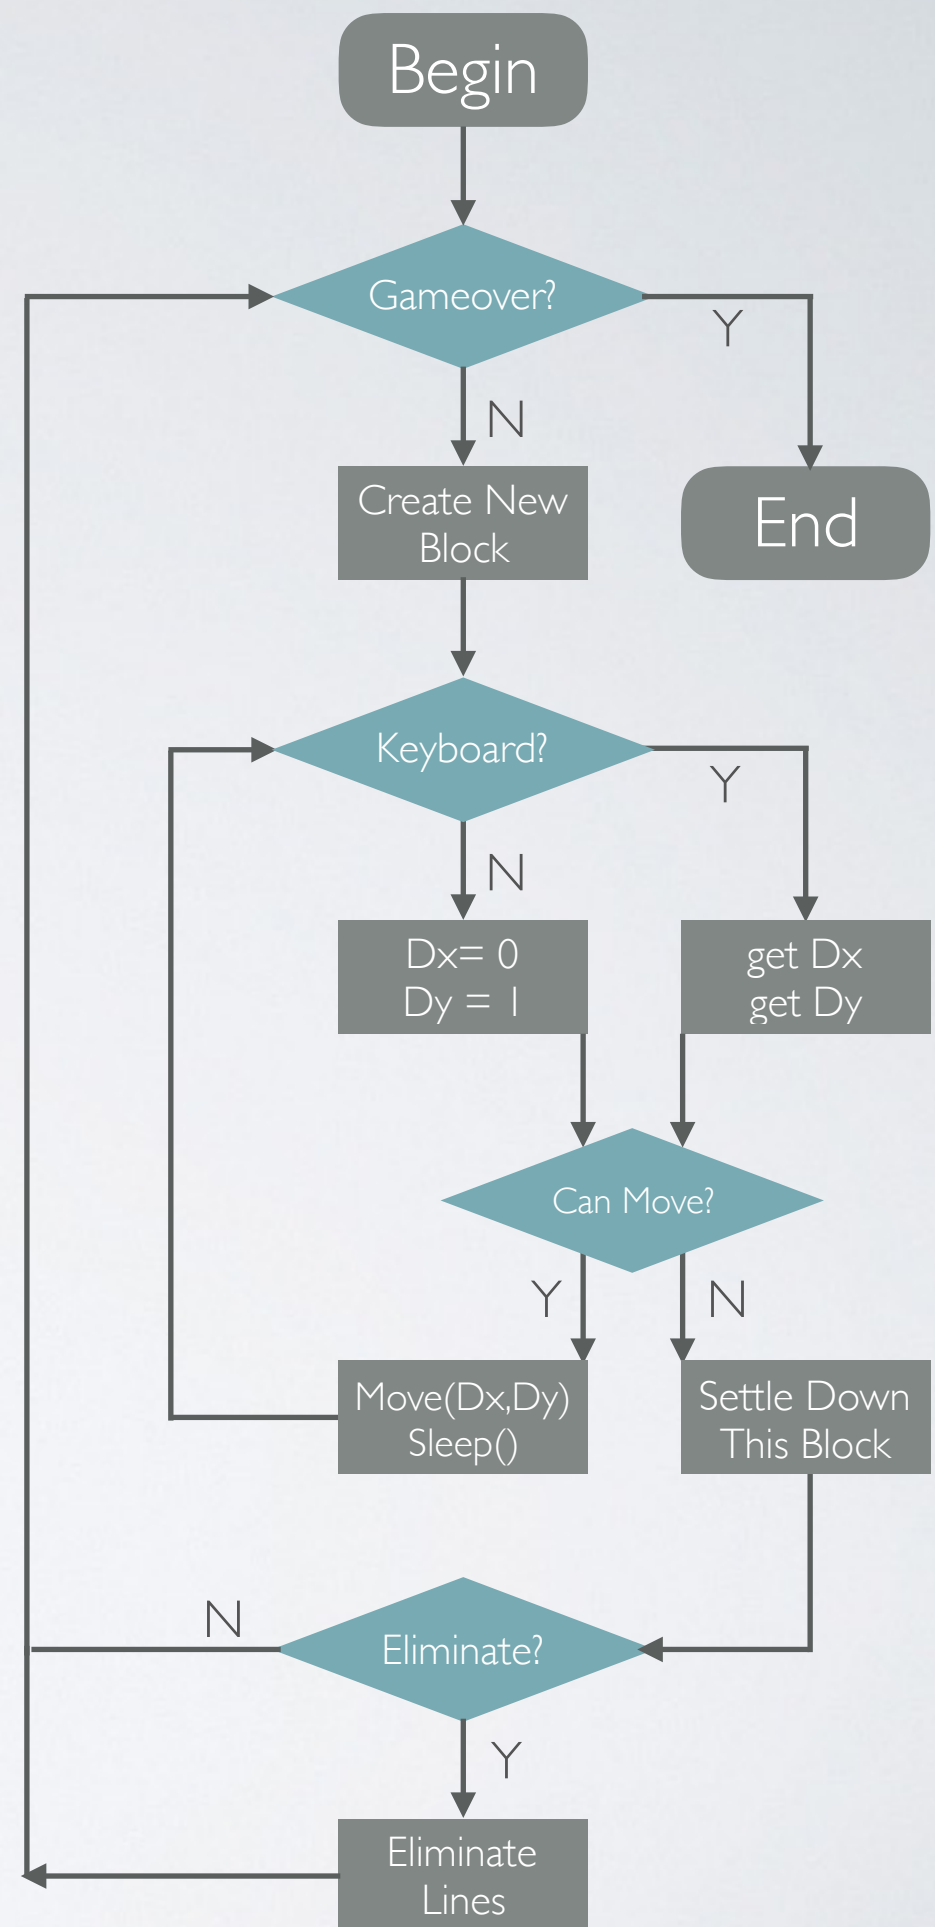

(0,0):Rotation Anchor Point

```

private static final int[][][] BLOCK=
{
    {},
    {{0,0,1},{0,0,2},{1,0,-1},{0,0,0}},
    {{0,0,0},{0,-1,0},{0,2,0},{0,1,0}},
    {{0,0,0},{0,1,0},{0,2,0},{0,0,1}},
    {{0,-1,0},{0,0,0},{0,0,1},{0,0,2}},
    {{0,0,0},{0,-1,0},{0,-2,0},{1,0,-1}},

SQL 指令學習與實作

```
//Connect to the host
myConn = DriverManager.getConnection("jdbc:mysql://" + HOST + ":3306/tetris",
    "tetris" , "tetris");

//Login
myRs = myStmt.executeQuery("select * from score where username = “ +
    usernameInput + ” and password = ” + passwordInput + ”");

//Register
myStmt.executeUpdate("insert into tetris.score value(“ + usernameInput +
    ”, ” + passwordInput + ”, '0');");

//Get Leaderboard
myRs = myStmt.executeQuery("select * from score order by score desc");

//Replace the old score with a new best score
myStmt.executeUpdate("update score set score=“ + bestscore + ” where
    username = “ + username + ”");
```
